

SOLO 6 Literacy Suite Workshop

Date: Tuesday, January 17, 2012

Sign-in Time: 8:00 am (continental breakfast)

Workshop Time: - (lunch will be provided)

Location: Eisenhower Cooperative
Cooperative Connections
5318 W. 135th Street
Crestwood, IL 60445
(Located behind the Nathan Hale Campus)

SOLO 6 Tools:

This software training explores the use of technology to support all learners. SOLO 6 includes the top four literacy accommodations that help students read and write. Each tool can be used independently or integrated as a whole to support tiered RtI or Assistive Technology (AT) interventions.

Read:OutLoud - A text reader that provides access to all digital written materials and books

Co:Write - A Word prediction program that guides students in writing grammatically correct sentences with proper spelling

Write:OutLoud - A talking word processor with writing tools to help students focus on writing

Draft:Builder - A graphic organizer which guides students through writing a quality first draft using three steps:

1) Outlining 2) Note-taking 3) Draft-writing

Course Objectives:

1. Examine and use each of the above tools through hands on exploration
2. Identify scaffold supports for customizing lessons to meet each student's particular needs
3. Create simple reading and writing lessons customized for students particular needs
4. Explore how SOLO 6 Literacy Suite can be used as an integrated whole to support student's writing from planning and research to drafting and publishing.

Presenters:

Catherine Kushner - Eisenhower Cooperative AT Specialist
Barbara Chwierut - AERO Special Education Cooperative AT Coordinator
Linda McGinnis - District 33C & 92 AT Specialist

The class is free of charge to staff of Eisenhower, AERO, School Districts 33C/92 Cooperatives and member districts.
Attendance is limited to 30 participants and the class will be filled on a first come, first serve basis.

Credits: 5 CPDUs will be offered to teachers

Registration Deadline: January 10, 2012
